

Asteron Life Superannuation

Annual Report for the year ended 30 June 2017 for:

- Asteron Life Superannuation
- Tyndall Superannuation
- Asteron Life Longevity Income Stream

Part of the
Suncorp Group

Important disclosure

Suncorp Portfolio Services Limited (Trustee) (ABN 61 063 427 958, AFSL 237905, RSE Licence No L0002059) and Suncorp Life & Superannuation Limited (insurer) (ABN 87 073 979 530, AFSL 229880) are related bodies corporate of Suncorp Group Limited (Suncorp) (ABN 66 145 290 124). The obligations of the Trustee and the insurer are not guaranteed by any other company within the Suncorp Group. Except as otherwise stated, Suncorp and its subsidiaries do not guarantee the repayment of capital invested in or the investment performance of this product. This product is not a bank deposit or other bank liability and is subject to investment risk including possible delays in repayment and loss of the interest and principal invested.

About this Annual Report

This Annual Report was prepared on 20 December 2017.

The Trustee is the issuer of this Annual Report and takes responsibility for its contents. The information contained in this Annual Report is current as at the date of preparation but may be subject to change. The information is of a general nature only and does not constitute personal financial advice and must not be relied on as such. In preparing this material we have not taken into account your objectives, financial circumstances or needs. Before making a decision based on this information you should consider the appropriateness of the information, having regard to your objectives, financial circumstances and needs. Before deciding to open an account or continuing to hold an interest, you should read the relevant Product Disclosure Statement (PDS) and consider how the information contained in this Annual Report relates to your own situation. We recommend that before you make any decisions, you speak to an adviser who will be able to help you with your investment and insurance decisions. While we believe the information contained in this report to be correct at the date of publication, to the extent that information has been provided by a third party, no warranty of accuracy or reliability is given and no responsibility is accepted for errors or omissions (including negligence).

Asteron Life Superannuation is a division of the Suncorp Master Trust (Fund) (ABN 98 350 952 022, RSE Fund Registration No R1056655).

Tyndall Superannuation is a division of the Suncorp Master Trust (ABN 98 350 952 022, RSE Fund Registration No R1056655) (Fund).

The Asteron Longevity Income Stream (ALIS) is part of the Asteron Superannuation Division of the Suncorp Master Trust (Fund) (ABN 98 350 952 022, RSE Fund Registration No R1056655).

As an investor in Asteron Life Superannuation, Tyndall Superannuation, or Asteron Longevity Income Stream, you are a member of the Fund.

Your benefits in the Fund are wholly invested in the investment options offered through the various life insurance policies issued by Suncorp Life to the Trustee. Tyndall Investment Management Limited (Tyndall) (ABN 99 003 376 252, AFSL 237563) is contracted by Suncorp Life to undertake the investment management of each of the statutory funds offered under its life insurance policies.

Please note unless otherwise stated, no guarantee is given by the Trustee or Suncorp Life or Tyndall that the objectives of this division within the Fund will be met.

Suncorp Life provides administration and insurance services to the Fund under an administration agreement and life insurance policies issued to the Trustee. This Annual Report is to be read in conjunction with your Annual Statement.

If you are a member of Tyndall Superannuation this Annual Report comprises two documents being the:

- Asteron Life Superannuation Annual Report for the year ended 30 June 2017 (this report), and
- Asteron Life Investment Report for the year ended 30 June 2017.

If you are a member of Asteron Life Superannuation:

- with super investment savings, or
- with a combination of risk insurance and super investment savings (excluding whole of life and endowment policy holders)

your Annual Report comprises two documents being the:

- Asteron Life Superannuation Annual Report for the year ended 30 June 2017 (this report) and
- Asteron Life Investment Report for the year ended 30 June 2017.

Your Annual Statement states which reports are relevant to you.

Insurance cover offered through the products listed above is provided by the insurer in a policy issued to the Trustee. This policy is a non-participating policy. As a result, you do not have any right to any surplus in the statutory fund.

This Annual Report is to be read in conjunction with your Annual Statement.

Throughout this Annual Report, unless otherwise specified, references to:

- 'we', 'us', 'our' and 'Trustee' mean Suncorp Portfolio Services Limited
- 'insurer' and 'Suncorp Life' mean Suncorp Life & Superannuation Limited
- 'adviser' means a qualified financial adviser or your plan's adviser for employer-sponsored members
- 'Fund' means Suncorp Master Trust
- 'you', 'your' and 'member' mean a member of one of the Suncorp super funds listed above.
- 'business day' means a business day other than a Saturday, Sunday or public holiday in Sydney.

Your 2016/17 Annual Report

Dear Member,

The past twelve months have been an extremely busy and exciting time for Suncorp. We completed our superannuation product simplification project, streamlining our business and simplifying our product range. Along this journey we have been able to provide members with simpler, more competitive and efficient products.

Government reforms to superannuation first announced in the 2016/17 federal budget have now been implemented – more detail of these measures can be found in this Annual Report. Importantly, transitional rules apply if you made non-concessional contributions of more than \$180,000 in 2015/2016 or 2016/2017.

I encourage you to take some time to read this Annual Report and your annual statement to better understand how your retirement savings are tracking. Speak to your financial adviser for specific advice – or for more general information, you can speak to us. We're always happy to help.

Thank you for trusting Suncorp with your retirement savings.

Yours sincerely,

Bruce Rush
Executive General Manager, Deposits & Investments
Suncorp Group

Member categories in this Annual Report

This report contains information about the Fund. The report is issued to the following categories of members and (as applicable) policy holders within the divisions of the Fund covered in this report:

- Asteron Life Superannuation individual members with super investment savings,
- individual members with a combination of risk insurance and super investment savings,
- individual members with risk only insurance policies,
- Tyndall Superannuation members, and
- Asteron Longevity Income Stream (ALIS) members.

This Annual Report contains information about important changes and developments within the super environment that are specifically relevant to individual super members.

Individual members with risk only insurance policies will also find this information useful.

Members and policy holders should note that not all the information contained in this Annual Report including the 'Investments' section will be relevant to them.

However, the 'Other important information' section is relevant to all members and policy holders.

Important information

All sections in this Annual Report are relevant to Asteron Life Superannuation, Tyndall Superannuation and Asteron Longevity Income Stream (ALIS) members unless otherwise specified in the section.

Important changes to super during the year

Tyndall and Asteron Life Superannuation members only

Concessional contributions cap

There are limits (also called 'contribution caps') on the amounts you can contribute to super in any one financial year. The concessional contributions cap is the limit on concessional superannuation (or pre-tax) contributions you make without paying income tax on them.

The concessional contributions cap is \$25,000 from 1 July 2017.

Concessional contributions are superannuation contributions made before-tax and generally include those made by your employer (such as Super Guarantee and contributions made under a salary sacrifice arrangement) and personal contributions for which a tax deduction is claimed.

Catch-up concessional contributions

From 1 July 2018, if you have not fully used your concessional contributions cap in previous years, you may carry forward these unused amounts for up to 5 years.

From 1 July 2019, you can make additional concessional contributions on top of the standard annual cap using these unused amounts, provided your total superannuation balance is under \$500,000.

Amounts carried forward that have not been used after 5 years expire.

Personal super contributions

Individuals under the age of 65 (and those aged 65 to 74 who meet a work test) can claim a tax deduction for their personal superannuation contributions up to the concessional contributions cap of \$25,000.

Higher tax on contributions for high income earners

If you earn more than \$250,000 p.a. you will pay an additional 15% tax (total of 30%) on concessional contributions.

Non-concessional contributions cap

The annual non-concessional contributions (NCC) cap is \$100,000. If you are under age 65 for at least one day in the current financial year, and your total superannuation balance is under \$1.6 million, you may be able to bring forward up to two years' worth of annual NCCs.

If you have a total superannuation balance of more than \$1.6 million, you will be unable to make non-concessional contributions.

Transitional bring forward cap

If you have triggered the bring forward cap in 2015/16 or 2016/17 (by making a non-concessional contribution greater than \$180,000), and have not fully used your bring forward amount before 1 July 2017 (i.e. did not contribute \$540,000 by 30 June 2017), the remaining bring forward amount available is reduced.

Bring forward triggered in 2016/17

The transitional bring forward cap is \$380,000 (i.e. the annual cap of \$180,000 for 2016/17 and \$100,000 cap for each of 2017/18 and 2018/19).

Bring forward triggered in 2015/16

The transitional bring forward cap is \$460,000 (i.e. the annual cap of \$180,000 for each of 2015/16 and 2016/17 and the \$100,000 cap for 2017/18).

Note:

Non-concessional contributions can only be made if your total super balance at 30 June of the previous financial year is less than \$1.6 million.

If aged between 65-74, you must satisfy a work test to be able to make personal super contributions.

An example:

Jo (age 58) made non-concessional contributions of \$200,000 in October 2016 (she had not previously made any non-concessional contributions).

Jo can contribute a further \$340,000 (up to the full \$540,000 bring forward cap) before 30 June 2017.

However, if Jo waited until after 1 July 2017 to make further NCCs, the maximum amount of NCCs she can make is \$180,000 (\$380,000 less \$200,000).

If Jo had triggered the bring forward in 2015/16 by making NCCs of \$200,000 and waited until after 1 July 2017 to make a further contribution, the maximum NCC she can make is \$260,000 (\$460,000 – \$200,000).

Low-income superannuation tax offset (LISTO)

A low-income superannuation tax offset (LISTO) refunds tax paid (up to \$500) on concessional contributions made if your income is under \$37,000 p.a. It will automatically be paid into your superannuation account as a tax offset.

Important changes to super during the year

Spouse super tax offset

You can make superannuation contributions on behalf of your low-income/non-working spouse and claim a tax offset for the contributions. The offset is available if the receiving spouse has income up to \$40,000 p.a.

Government co-contributions

If you make a personal contribution from 'after-tax' money (that's money you've paid income tax on i.e. your take-home pay), you may be eligible to receive an additional contribution into your account from the Government. This is known as the Government co-contribution. If you earn less than \$36,813, and you make \$1,000 in after-tax contributions, the Government will automatically contribute the maximum \$500 to your retirement savings.

The Government's co-contribution amount decreases for those on higher incomes, but you can still benefit from the co-contribution scheme if you earn less than \$51,813.

Lost members and unclaimed super money

Account balances under \$6,000 for members meeting the definition of a 'lost member' and 'unclaimed money' will be transferred to the ATO. The intent of this policy is to protect the balances of small accounts from erosion by fees. You can find more information on unclaimed money in the 'Other important information' section of this Annual Report.

Transition to retirement (or TTR) earnings tax

Earnings on investments held in transition to retirement (TTR) pension accounts are taxed at 15%. A TTR pension is available to commence with superannuation money once you reach preservation age (depending on date of birth), but have not fully retired. Once fully retired (or upon meeting another condition of release e.g. attaining age 65), earnings on investments will then be taxed at 0%.

First home super saver scheme

From 1 July 2018, first-home buyers will be allowed to withdraw voluntary contributions made to super since 1 July 2017 for a home deposit. Up to \$15,000 of voluntary contributions made each year will count towards the amount that can be withdrawn, which will be limited to \$30,000 plus an earnings amount per person.

Over age 65 downsizers non-concessional contributions

From 1 July 2018, those over the age of 65 who downsize will be able to make a non-concessional superannuation contribution of up to \$300,000 on the sale of their principal home. A person is only eligible if they have owned their main place of residence for a minimum of 10 years.

Superannuation pension cap

There is a lifetime cap (called the 'transfer balance cap') on the total amount of superannuation that can be transferred to start pensions. The transfer balance cap is \$1.6 million in 2017/18. The cap does not apply to investment earnings on pensions so your savings can grow without restriction. The cap will increase in line with the rate of inflation, in \$100,000 increments.

Amounts accumulated above the cap can be maintained in an accumulation account where earnings continue to be concessional tax at 15%.

Fee disclosure

Since 30 September 2017, super funds have been required to change the way some fees are disclosed in Product Disclosure Statements (PDS). When we apply an administration fee to your account, and if we are eligible for an income tax deduction, then we pass that on by reducing the fee before it hits your account. Previously, we have disclosed the net fee in the PDS, however, we now must disclose the gross fee. There's also been changes to the way investment fees are disclosed with new requirements to specify the indirect costs of underlying investments. These changes will also apply to your superannuation statements in future.

Investments

Tyndall and Asteron Life Superannuation members only

As a complying super fund, the Fund can offer you a tax-effective investment option designed to help you accumulate retirement savings over the long-term.

The Trustee offers a number of super products under the Fund. These products range from risk-only insurance policies (e.g. term life insurance) to super investment policies, and include some products which combine elements of both risk insurance and investment savings. The risk insurance policies are held in the Suncorp Life No. 1 Statutory Fund and the investment policies are held in the Suncorp Life No. 1 and No. 2 Statutory Funds.

Your benefits and entitlements under the Fund will depend on the policy you have chosen. This information is contained in your Policy document which was forwarded to you upon acceptance of your application, and also appears each year on your Annual Statement. Where you have taken out a super savings policy, your account balance and withdrawal value for that policy can also be found in your Annual Statement.

The Fund is designed to provide benefits for you and your dependents on retirement, death or disablement. All payments of benefits will be subject to the rules of the Trust Deed of the Fund, the provisions of the relevant insurance policy and any requirements under current super and tax legislation.

Investment objective and strategy (for policies with an investment component)

Our investment objective and strategy is to provide you with a choice of investment options or, if you are a member of ALIS, pools to meet your super savings and retirement planning needs. The investment options or pools are intended to allow you to choose investments that suit your individual circumstances having regard for risk, return, diversification and liquidity.

Your contributions are invested through a life insurance policy with Suncorp Life, which then invests into underlying investment options including trusts issued by SFPL or pools.

We don't pay any fees or charges to Suncorp Life other than those relating to the underlying investments of Suncorp Life.

We don't take labour standards, environmental, social and ethical considerations into account when selecting, retaining or terminating investment options.

Please note that unless otherwise stated, no guarantee is given by the Trustee or Suncorp Life that the objectives of this division within the Fund will be met.

Tyndall and Asteron Life Superannuation members only

For more information about various investment funds, please refer to the 'Asteron Life Investment Report'.

Asteron Longevity Income Stream members only

The Fund provides you with a choice of four investment pools. You may select only one of these pools at any given time.

Details on each of the current available investment pools, including their respective investment objectives and strategies, are set out in the ALIS PDS which you received when you became a member of ALIS.

Investment Update – Longevity Secure Pool

Asteron Longevity Income Stream members only

Information contained within the PDS prepared on 30 August 2006 on page 10 referred to the Longevity Secure Pool being made available to members in 2011.

Due to the lack of scale within the product, the Longevity Secure Pool was not viable for creation and hence is not available to members with the Asteron Longevity Income Stream.

Earnings on your investment pool

Asteron Longevity Income Stream members only

The net earnings of an investment pool are allocated back to the investment pool.

Investments

How investment performance is calculated

Tyndall and Asteron Life Superannuation members only

Investment performance is generally calculated net of taxes, levies and ongoing fees such as the administration fee, performance fee, investment fee and expense recovery fee. This is in accordance with industry standards.

However, when calculating investment performance, we generally don't take into account any tax on contributions, entry fees, deferred entry fees, exit fees and any discretionary ongoing fees such as insurance fees and adviser service fees. If we calculate investment performance for an investment option in a different way from that set out above, we'll include an explanation of how the investment performance is calculated for that investment option in the monthly performance report. You can get a copy of the report by calling us.

Prior to 1 July 2007, we calculated performance using the withdrawal unit price of each investment option. The unit price takes into account investment fees, expenses and applicable taxes. We didn't take into account any fees and taxes which may have been charged directly to your account.

It's important to note historical performance shows how an investment has performed in the past. It doesn't indicate how it may perform in future.

For details of the various investment funds please refer to the 'Asteron Life Investment Report'.

Investment earnings on your account

Tyndall and Asteron Life Superannuation members only

Unit linked Investments

For unit linked investments, the net earnings of an investment option are allocated to your account based on the number of units held in that option. Each investment option's unit price reflects the movement in the underlying value of the assets of the option(s) and takes into account appropriate expenses, current and deferred taxes.

Non-unit linked investments

For non-unit linked investments, investment earnings are credited to your policy at the interest crediting rate. For more information about various investment funds, please refer to the 'Asteron Life Investment Report'.

Changes to your investment options

From time to time, investment options may be closed, suspended or terminated by an external investment manager or by us. This may happen where:

- the investment option is no longer offered by the investment manager,
- the total amount of investor money in the investment option has grown too large for the investment manager to continue with its current investment strategy,
- laws change so that some investment types are no longer permissible,
- we determine that it's in the best interests of the members, or
- the investment option may no longer be economically viable.

If an investment option is closed, suspended or terminated, this may cause delays in processing withdrawals and transfer requests. This delay may be more than 30 days and the unit price used to process your transaction may differ from the price applicable on the day you lodged your request.

Where an investment option is closed, suspended or terminated, we'll write to you in advance (where possible) to notify you of this change. You'll then be able to review your strategy with your adviser. Where we're unable to tell you in advance, we'll determine a replacement option (one that is comparable to your investment option) in which to invest your money until you've been able to review your investment strategy.

Change of investment strategy and strategic asset allocation

No investment option had a change of investment strategy or strategic asset allocation.

Related companies

We, Suncorp-Metway Limited, SFPL, Suncorp Corporate Services Pty Ltd (ABN 69 074 966 466) and Suncorp Life are part of the Suncorp Group.

We don't deal with our related companies more favourably than we would with any other service provider.

Investments

How investment performance is calculated

Asteron Longevity Income Stream members only

While in the Establishment Phase, your benefit is part of the investment pool and is dependent on:

- your initial contribution,
- the investment returns, and
- the Longevity Boost allocation (please see the ALIS PDS).

We provide investment returns on the investment pools. The performance is calculated by measuring the movement in the value of the investment pool and is net of taxes and ongoing fees such as the Longevity Pool Expense (please see the ALIS PDS for a detailed explanation of this fee). However, when calculating investment performance, we generally don't take into account contribution fees and withdrawal fees.

Standard Risk Measure

Tyndall and Asteron Life Superannuation members only

The Standard Risk Measure (SRM) is a calculation we do to help make it easier for you to compare the riskiness of investment options. Technically, it tells you how many negative annual returns an investment option can be expected to deliver over any 20-year period.

The SRM is not a complete assessment of all forms of investment risk. For instance, it doesn't detail what the size of a negative return could be or the potential for a positive return to be less than you may require to meet your objectives. Further, it doesn't take into account the impact of the administration fee or any part of the management fee that is not paid to an investment manager, and tax on the likelihood of a negative return.

You should still ensure you are comfortable with the risks and potential losses associated with your chosen investment option(s).

You can find more information on the methodology we use to calculate the SRM, and a SRM for all our investment options, in the 'Understanding Investment Risk Flyer' on our website.

The actual measure for each investment option can change at any time, for example because of market conditions, so you should always check the most up-to-date information before you make a decision.

Investments exceeding 5%

As at 30 June 2017, the following investments exceeded 5% of the total assets of your division of the Fund¹.

Asteron Life Superannuation

| Investment | Percentage |
|--|------------|
| Suncorp Life & Superannuation Limited Insurance policies | 100% |

Tyndall Superannuation

| Investment | Percentage |
|--|------------|
| Suncorp Life & Superannuation Limited Insurance policies | 100% |

Asteron Longevity Income Stream

| Investment | Percentage |
|--|------------|
| Suncorp Life & Superannuation Limited Insurance policies | 100% |

¹ The Fund is made up of divisions, so assets are shown as a percentage of the relevant division.

Use of derivatives

Derivatives are securities that derive their value from another security. Commonly known derivatives include futures and options. We and underlying investment managers for your investment option(s) may use derivatives. Please note that the investment strategy of each investment option doesn't allow the use of derivatives for speculation or gearing purposes. You can find out more about the investment objectives, strategy or investment style of a particular investment option in the relevant PDS and Product Guide on our website or by calling us.

From time to time, we may use cash proceeds from terminating investment options to purchase derivatives, such as futures, for transition management purposes if permitted by law and it is consistent with the Fund's investment strategy. However, we won't use derivatives for gearing or speculative purposes. We may, for instance, purchase derivatives where we undertake the termination of an investment option, with the proceeds deposited into cash temporarily. The aim of using derivatives in these circumstances would be to help reduce the risk of members' money in the Fund missing out on market returns during the period in which their funds are held in cash. Markets go up and down, so there is a risk the value of your investment may decrease.

Investments

Investment fee

The investment fee is payable to the investment managers of the investment pool you choose. This fee generally includes the investment manager's fee, audit, custody and other general costs incurred in the administration of the underlying investment option. This fee is expressed as a percentage of the average value of an investment pool over a year.

The investment fee forms part of the Longevity Pool Expense. It's not an extra cost to the investment pool. The fees range from 0.34% p.a. to 0.37% p.a. You can find the latest investment fees in the monthly investment options performance report available on our website or by calling us.

Indirect cost ratio (ICR)

This ratio is the total of the indirect costs of an investment option to the total average net assets of the Fund attributed to the investment option. Indirect costs are any amount that will reduce the return on an investment option that is not charged to you as a fee. It is an additional cost to you.

Buy-sell spreads

You may incur a buy-sell spread when you make contributions, withdraw or change your investment options. This 'spread' is the difference in the buying price and selling price of the investment option, and generally covers the transaction costs of buying and selling the underlying assets of that investment option. It ensures that non-transacting members aren't disadvantaged by the activity of transacting members. The spread isn't a fee paid to us or the investment manager. It is retained within the underlying investment option to cover these transaction costs.

Either the investment manager or us may vary the buy-sell spread costs from time to time, including increasing these costs without notice when it is necessary to protect the interests of existing investors, and if permitted by law. The updated information will be disclosed in our monthly investment options performance reports available on our website.

Investment performance

The following tables show the performance of each investment pool for the last five years as at 30 June. Returns are net of some fees and taxes. For more information on how performance is calculated, please see page 12. Investment performance reports can be found on our website or are available by calling us.

Asteron Longevity Income Stream members only

| Investment pool | Investment pool inception date | Investment returns (%) for year ended 30 June: | | | | | 5 year compound average return or since inception return to 30 June 2017 (% pa) |
|----------------------------|--------------------------------|--|------|-------|-------|-------|---|
| | | 2017 | 2016 | 2015 | 2014 | 2013 | |
| Longevity Balanced Pool | May-07 | 4.20 | 3.46 | 7.96 | 10.02 | 11.85 | 3.39 |
| Longevity Growth Pool | Feb-07 | 6.63 | 2.69 | 9.86 | 12.02 | 16.05 | 4.03 |
| Longevity High Growth Pool | Jun-07 | 8.91 | 1.52 | 11.46 | 14.27 | 21.08 | 3.32 |

Past performance should not be taken as an indicator of future performance.

Investments

Asset allocation

Asteron Longevity Income Stream members only

The following table provides the asset allocation (%) for each investment pool for 2016 and 2017 as at 30 June. Monthly asset allocation reports can be found on our website or by calling us. Amounts may not add up to 100% due to rounding.

| Investment pool | Cash | | Australian fixed interest | | International fixed interest | | Property | | Australian shares | | International shares | | Other | |
|----------------------------|------|------|---------------------------|------|------------------------------|------|----------|------|-------------------|------|----------------------|------|-------|------|
| | 2017 | 2016 | 2017 | 2016 | 2017 | 2016 | 2017 | 2016 | 2017 | 2016 | 2017 | 2016 | 2017 | 2016 |
| Longevity Balanced Pool | - | - | 20.0 | 20.6 | 30.2 | 29.5 | 5.2 | 8.8 | 22.1 | 20.3 | 22.5 | 20.8 | - | - |
| Longevity Growth Pool | - | - | 12.1 | 12.3 | 18.1 | 17.7 | 6.7 | 12.2 | 31.2 | 28.3 | 31.9 | 29.5 | - | - |
| Longevity High Growth Pool | - | - | 3.8 | 4.2 | 6.6 | 5.9 | 8.3 | 15.4 | 40.3 | 36.6 | 41.0 | 38.0 | - | - |

Other important information

Superannuation guarantee contribution rate

The Superannuation Guarantee (SG) rate was increased to 9.5% from 1 July 2014, at which rate it currently remains. The SG rate will gradually increase to 12% of your ordinary time earnings.

The rate of increase to the SG rate is shown in the table below.

| Financial year commencing | SG rate |
|----------------------------|---------|
| 1 July 2014 – 30 June 2021 | 9.50% |
| 1 July 2021 – 30 June 2022 | 10.00% |
| 1 July 2022 – 30 June 2023 | 10.50% |
| 1 July 2023 – 30 June 2024 | 11.00% |
| 1 July 2024 – 30 June 2025 | 11.50% |
| 1 July 2025 and later | 12.00% |

Generally, you're entitled to SG contributions from your employer if you're aged 18 or older and paid \$450 or more (before tax) in a month. It doesn't matter whether you're working full time, part time or casual, and it doesn't matter if you're a temporary resident of Australia.

Tax and Government charges

Taxes, duties and levies incurred by us are recovered directly from the assets of the investment options (where the expenses are investment costs) before determining unit prices, or from your account.

Tyndall and Asteron Life Superannuation members only

We deduct amounts from your account for any tax on contributions. The total amount of tax payable by the Fund is calculated at the end of the financial year. Tax is calculated on assessable income and is reduced by deductions allowable to the Fund. Therefore, the total amount of tax paid to the ATO may be less than the total amount deducted from members' accounts.

The Fund retains the benefit of this excess and may use this amount to cover expenses incurred in the administration, management or maintenance of the Fund.

Contributions tax surcharge

Tyndall and Asteron Life Superannuation members only

Contributions tax surcharge has been abolished for contributions made on or after 1 July 2005 but outstanding liabilities may still be payable. The contributions tax surcharge is deducted from members' accounts within 30 days of receipt of a tax assessment from the ATO. Your Annual Statement will show any contributions tax surcharge deducted from your account.

Delays in withdrawing or switching your benefits

Tyndall and Asteron Life Superannuation members only

The closure, suspension or termination of an investment option by an investment manager may cause delays in processing your withdrawal request. This delay, which may exceed (the maximum) 30 days' within which a withdrawal request must be processed, may arise where the investment option can't be converted to cash within the period or it can but not without significantly impacting the value of the investment. You should consider this before selecting or changing your investment options.

Please note that 30 days' notice should be provided to us if you wish to switch or withdraw more than \$250,000.

Unit pricing delays

Tyndall and Asteron Life Superannuation members only

We may suspend unit pricing where in our opinion:

- a significant event or incident occurs that has the potential to affect investment markets, or
- an event occurs that has the potential to affect unit prices, or
- an external investment manager closes the underlying investment to applications and withdrawals, or
- the unit prices calculated have the potential to prejudice specific investors.

Other important information

Other fees and costs

The fees that apply depend on the policy you have chosen and may include fees such as policy fees, contribution fees and transfer/rollover fees.

We may, to the extent permitted by law, deduct investment costs either from the assets of the Fund or directly from members' accounts by selling units to cover:

- costs incurred in buying, selling and valuing assets,
- federal and state taxes, duties, charges, levies, and
- costs incurred in obtaining investment advice.

In addition to the fees, any expenses which are incurred by the Trustee in managing and administering the Fund (such as investment monitoring, audit and legal fees etc) together with any statutory charges and lodgement fees applicable under Government legislation, may be deducted from the assets of the Fund.

Other costs that we incur may also be deducted from the assets of the Fund.

To understand all the fees payable in respect of your investment in an investment option, you should consider both the PDS and the relevant investment manager's PDS.

Generally, any contribution or transfer/rollover fees are specified in your Policy document and are deducted directly from an insurance fee as it is paid, or from your account balance. Investment fees are included in the daily unit price calculation for the relevant investment option. These charges (where applicable) are outlined in your Annual Statement and your Policy document.

The fees that apply to your policy are charged by Suncorp Life. We currently apply no charges for administering your division within the Fund.

In some circumstances where you request further information about ALIS or the Fund, you may be charged for this information.

Payable compensation amounts

In the event that compensation is payable in certain circumstances for a member who has exited the fund or is deceased, and that amount is less than \$20, it will be returned to the Fund unless otherwise requested from the Trustee. When such amounts are payable, we will put a notice in the relevant annual report and on our website.

Payments to and from other parties

Any payments (or benefits) we make to or receive from other parties are not an additional cost to you unless otherwise stated in the PDS.

We may pay additional amounts to your adviser or their Licensee or other benefits on the total amount of funds they introduce to the Fund, or for its promotion. These payments won't exceed 0.50% pa of these funds and will be disclosed in your Statement of Advice.

Any alternative forms of remuneration we may also pay or receive will be in accordance with the Financial Services Council Industry Code of Practice. We keep a register of these payments which you can view by contacting us.

Individual members with super savings and risk insurance

Asteron Life Superannuation members only

Generally, any contribution or transfer/rollover fees are specified in your Policy document and are deducted directly from an insurance fee as it is paid, or from your account balance. Investment fees are included in the daily unit price calculation for the relevant investment option.

These charges (where applicable) are outlined in your Annual Statement and your Policy document. The fees that apply to your policy are charged by Suncorp Life. We currently don't charge a fee for administering your division within the Fund.

Requests for information

Your Annual Report provides you with financial and investment information to help you understand your super and your membership in the Fund. The Trust Deed, superannuation law and the life insurance policy taken out by the Trustee set out your rights and entitlements. You can request a copy of the following documents by calling us:

- Trust Deed
- Policy documents
- Financial statements.

We may charge a fee to cover the cost of providing copies of some of these documents.

Other important information

We welcome your feedback

If you have any feedback – we'd like to hear from you. You can find details on how to contact us on the back cover. This also includes any issues or complaints you may have. We make every effort to ensure your complaints are resolved satisfactorily and quickly.

However, if your complaint isn't answered within 90 days, or you're not satisfied with the way it was handled, you may take it to the Superannuation Complaints Tribunal (SCT). The SCT is an independent tribunal set up by the Government to help with the resolution of super complaints.

Mail Superannuation Complaints Tribunal
Locked Bag 3060
Melbourne VIC 3001

Phone 1300 884 114

We're also a member of the Financial Ombudsman Service Australia (FOS). You can generally refer complaints outside the SCT's authority to FOS. Our member number is 11123.

Mail Financial Ombudsman Service Limited
GPO Box 3
Melbourne VIC 3001

Phone 1800 367 287

It's important we don't lose contact with you – lost members

We're required to report all 'lost members' to the ATO, which keeps a lost members register. That's why it's important that you keep us up to date with your current address.

You'll be considered a lost member if:

- we receive one piece of returned mail from your last known address, we haven't had any contact with you, and we haven't received a contribution or rollover from you for 12 months, or
- you are an inactive member - you must have joined the Fund for more than two years and we have not received any contributions or rollover amounts from you for the last five years, or
- you transferred from another super fund as a lost member.

Any applicable fees and insurance fees will continue to be deducted from your account whilst we have lost contact with you, and we may transfer the remainder of your account balance to an eligible rollover fund. For more details please see 'Eligible rollover fund' on page 24.

Unclaimed amounts transferred to the ATO

An account balance will be paid to the ATO as unclaimed monies if:

- you're aged 65 or over, we haven't received any amounts for two years and we've been unable to contact you again (after making reasonable efforts) after five years since our last contact, or
- following a relationship breakdown, we are unable to ensure that a non-member spouse receives their entitlement after making reasonable efforts to contact them and after a reasonable time has passed.

An account balance will also be paid to the ATO if you're a 'lost member', and

- your account balance is less than \$6,000, or
- we haven't received any amounts for 12 months (and it is not possible to pay an amount to you).

The ATO may instruct us to transfer the benefits of temporary residents to the ATO if:

- a temporary resident has left Australia, and
- their temporary visa expired/ceased more than six months prior.

If we're instructed to transfer your benefits to the ATO, your account will be closed. We're not required to issue an exit statement under these circumstances, as it's unlikely to reach you. We rely on relief from the Australian Securities and Investment Commission (ASIC) not to provide exit statements or notify you in these circumstances. Once your benefit is transferred to the ATO, it can only be accessed if you meet a 'condition of release'. Any person (including a former temporary resident) who has a claim to a benefit will then need to contact the ATO.

Accounts without balances

Your account may be closed by us, by the end of a financial year, if you have not made any transactions on your account for that year and either of the following has occurred in the prior financial year:

- you opened an account with a zero account balance with us in the previous financial year and never transacted on it, or
- your account balance is exhausted due to ongoing fees in a previous financial year.

We may not provide a periodic statement in this situation as your account will not have any transactions to report on over this period and your account would have been closed. Should you still wish to hold an account after that point, you will need to open a new account with us.

Other important information

Tyndall and Asteron Life Superannuation members only

If you have insurance cover attached to your super account, you will not be impacted by this change. You will receive a lapse notice in sufficient time to contribute to your account and continue your insurance cover.

Eligible rollover fund

If we lose contact with you or your account balance falls below \$1,200 we may transfer you to an eligible rollover fund (ERF). If your account is transferred to the ERF, you'll no longer be a member of the Fund and any insurance cover you have will stop. We've selected the SMF Eligible Rollover Fund as our ERF. You can contact them at:

Mail Fund Administrator
SMF Eligible Rollover Fund
GPO Box 529
Hobart TAS 7001

Phone 1800 677 306

Trustee indemnity

Under the Trust Deed, except in the case of fraud, breach of trust or duty, or wilful neglect, the Trustee has the right to be indemnified out of the Fund's assets for all liabilities it may incur. The Trustee has appropriate professional indemnity insurance.

Bankruptcy and super

A trustee in bankruptcy can recover certain super contributions if they are made with the intention to defeat creditors. Therefore, if we receive the relevant notification, we may be forced to freeze super benefits. If contributions are recovered by the trustee in bankruptcy under these provisions, we have no obligation to repay fees, charges or taxes applicable to those contributions.

Trans-Tasman portability

Tyndall and Asteron Life Superannuation members only

Under the Trans-Tasman portability scheme arrangement, we can transfer your entire* super account balance from Australia to a New Zealand KiwiSaver scheme provided certain pre-conditions are met. For example, we must be satisfied that you have emigrated permanently to New Zealand, you already have a KiwiSaver scheme account and that scheme is willing to accept the transfer. Other conditions also apply. Please note that we don't currently accept transfers from KiwiSaver scheme accounts. Please see our website suncorp.com.au/super for more information.

* Partial transfers are not permitted.

Privacy

We appreciate that privacy is important to you, our Privacy Statement is available at suncorp.com.au/privacy. Please also refer to the Suncorp Group Privacy Policy at suncorp.com.au/privacy.

Superannuation Prudential Standards

As part of the Government's Stronger Super Reforms superannuation prudential standards have been introduced by the Australian Prudential Regulation Authority (APRA) for strengthening the governance, integrity and regulatory settings of the superannuation system for APRA-regulated superannuation funds. The Trustee has implemented these standards.

Intra-fund Consolidation

Asteron Life Superannuation members only

By law, each year we are required to identify any members with multiple accounts and assess whether it's in their best interest to consolidate their accounts. For example, we may consolidate accounts where it would result in a member paying lower fees. As part of this process, we'll consider a number of factors and write to any members who are impacted before we consolidate any accounts. You can find more information on our Intra-fund consolidation process by visiting suncorp.com.au/super and following the links to 'employer' and 'your responsibilities'.

Financial information

Reserves

A reserve is an unallocated sum of money over and above the amount necessary to back the accumulated account balances of members. If you are a Tyndall Superannuation division or ALIS member, reserves are not relevant to you as they are not referable to your respective division.

Movement in reserves

Asteron Life Superannuation members only

The following table shows the level of and movement in the reserves of the Fund as at 30 June 2017.

Suncorp Master Trust

| Movement in Reserves for the year ended 30 June | 2017 \$'000 | 2016 \$'000 | 2015 \$'000 |
|---|----------------|----------------|----------------|
| Balance at beginning of year | 955 | 1,193 | 2,024 |
| Profit/(loss) for the financial year | 1,527 | (238) | (831) |
| Balance at end of year | 2,482 | 955 | 1,193 |

Management of reserves

Asteron Life Superannuation members only

The Trustee has discretionary powers in the management and use of reserves. At the present time, the Trustee is of the view that, after making sufficient provisions for tax liabilities, the anticipated general costs and expenses of the Fund (as described above) and other relevant contingencies, any additional amounts may be allocated to members' accounts in an equitable manner.

As at 30 June 2017, this general reserve was invested in cash.

Abridged financial information

The following tables show the abridged financial information for the Fund for the year ended 30 June 2017.

A copy of the audited financial report and the auditor's report will be made available to members on request. This information takes into account all divisions of within the Fund.

Suncorp Master Trust

| Abridged Statement of Financial Position as at 30 June | 2017 \$'000 | 2016 \$'000 |
